NOTE:

Completing this form does **not** guarantee cost-share financial assistance. Construction/installation/implementation of practice(s) started prior to contract approval will result in ineligibility for cost-share financial assistance. Each proposed project will be evaluated and ranked based on established criteria.

An on-site evaluation of proposed projects may be conducted by the conservation staff to determine eligibility of the project.

If approved for cost-share financial assistance, the landowner(s) must sign a contract agreeing to the terms set forth in the contract. Certain projects have additional requirements.

You will be notified of the status of your request for cost-share financial assistance by a letter from the Greenwood County Conservation District. Cost share program files are public record as per Kansas Open Records Act.

Funding for the programs is provided by the Division of Conservation, Kansas Department of Agriculture through appropriation from the Kansas Water Plan Fund.

- All work must be completed to meet NRCS standards and specifications to be eligible for payment. NRCS representatives are available to review standards and specifications with landowners.
- All projects that receive funding are expected to be maintained for 10 years as part of the cost share contract with the State of Kansas.
- Greenwood County Conservation District has set a \$5,000 landowner limit per fiscal year, excluding Livestock Waste Systems.
- The Greenwood County Conservation District is not responsible for arrangements, quotes, or contracts between individual landowners and contractors.
- If landowner is using an operator to work with the Conservation District enter the information below.
- Operator must sign application as acknowledgment of all projects being planned with landowner.
- Landowner(s) will make final decisions and report to the district if any changes to plan is needed.
- The District may speak with operator about project however, all decisions will be conveyed to district via landowner.
